

Plants are listed by common name. Latin names and details about each plant can be found in the full plant catalog, which is available on the website. All plants are sold in containers. Not all species are available at all times. Call ahead if you are looking for a specific plant. Plants marked with an * are only native to NY, and are not native to the Adirondacks in addition to being native to the state of NY.

Seed Mixes

Adirondack Wet Meadow Mix 1 oz. \$5.95 1/2 lb. \$35.95 1 lb \$65.95

This mix contains a variety of plants native to NY and the Adirondacks that are adapted to frequently inundated riparian habitats. Includes: Switchgrass, Virginia Wild Rye, Chewing's Fescue, Woolgrass, Green Bulrush, Nodding Bur-marigold, Devil's Beggartick, Spotted Joe-pye Weed, Common Boneset, Common Rush, Grass-leaved Goldenrod, Sensitive Fern, New England Aster, and Blue Vervain. Seeding rate is 35 lbs per acre (1 oz covers approx 75 sq ft, 1/2 lb covers approx. 600 sq ft, 1 lb covers approx 1200 sq ft).

New York Meadow Mix 1 oz. \$5.95 1/2 lb. \$35.95 1 lb \$65.95

This mix contains a variety of plants native to NY that are adapted to upland areas with full sun. Includes: Little Bluestem, Autumn Bentgrass, Switchgrass, Virginia Wild Rye, Deer Tongue, Partridge Pea, Purple Top, Indian Grass, Black-eyed Susan, Butterflyweed, Spotted Beebalm, and Sweetscented Joe-pye Weed. Seeding rate is 15 lbs per acre (1 oz covers approx 175 sq ft, 1/2 lb covers approx 1400 sq ft, 1 lb covers approx 2800 sq ft).

Adirondack Native Lawn Mix 1/2 lb. \$15.95 1 lb. \$27.95

This mix contains Chewing's Fescue and Little Bluestem. This is not a no-mow lawn, as these grasses can get 2-3' tall. But these grasses have much deeper roots, making them more drought tolerant and better able to withstand summer heat. You don't need to spend time and money watering and fertilizing a native lawn!

Call 518-632-5505 or go online to www.fiddleheadcreek.com for more info or directions to visit the nursery.
